

University of Sussex

CONSENT FORM FOR PROJECT PARTICIPANTS

PROJECT TITLE:

A Space Simulator Game for the Oculus Rift Virtual Reality Device

Project Approval

Reference:

I agree to take part in the above University of Sussex research project. I have had the project explained to me and I have read and understood the Information Sheet, which I may keep for records. I understand that agreeing to take part means that I am willing to:

- Be interviewed by the researcher
- Allow the interview audio to be recorded
- Discuss my thoughts and respond to questions regarding my experiences with the Oculus Rift and the project in question.
- Have my opinions and thoughts on the Oculus Rift and my experiences used anonymously in regards to the research project.
- Use a computer to:
 - Participate in the study and express my views on the use of the Oculus Rift VR Headset
 - Complete a follow-up questionnaire if required by the researcher

I understand that any information I provide is confidential, and that no information that I disclose will lead to the identification of any individual in the reports on the project, either by the researcher or by any other party.

I understand that I will be given a transcript of data concerning me for my approval before being included in the write up of the research

I understand that my participation is voluntary, that I can choose not to participate in part or all of the project, and that I can withdraw at any stage of the project without being penalised or disadvantaged in any way.

I consent to the processing of my personal information for the purposes of this research study. I understand that such information will be treated as strictly confidential and handled in accordance with the Data Protection Act 1998.

I consent that the data obtained from my involvement in this project may be used in further research into the Oculus Rift as a VR device in the future. I understand that such information will remain anonymous and will either be used as part of a statistical analysis or an unattributed quote of my thoughts that will never lead to the identification of me as an individual. Thereby I consent that my answers to questions both as part of interviews or questionnaires may be used as direct quotes without reference to myself as an individual.

I understand that this research may be used in further studies and fully consent to the reference and re-use of my answers to questions and thoughts obtained in the research process to be utilised in such a manner. I understand all references to me and all personal details will not be available in this manner and I shall remain totally anonymous.
